

OFFICE OF THE SENIOR CASE SUPERVISOR INTERNATIONAL

September 26, 2003

Robert Dam
c/o FSC EU

Dear Robert,

I received your letter of 9 September, with questions about OT Levels.

You mentioned that you know of persons at OT VII case level who are not doing well in life. Please give me the names of these individuals and the specifics of what you observed or heard from them, so that I can see that they get any assistance they need or tech handling.

The data that you sent in the enclosed envelope, which you called "excaliber" is all squirrel material--none of it is Scientology technology, none of it from LRH.

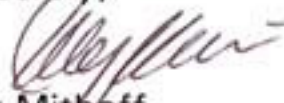

This other false data that you have gotten, apparently from some squirrel advertising on the Internet, that David Mayo is the author of NED for OTs, is completely false. NED for OTs was researched and developed by LRH.

I am certainly willing to help you out, but you are going to have to get your ethics in. The answers to the mysteries of life that you are seeking to find are contained in LRH's materials--not in the ramblings of squirrels. Read HCO PL 14 Feb 65, SAFEGUARDING TECHNOLOGY and HCO PL 5 Feb 69R I, CODE OF A SCIENTOLOGIST which the FSC EU can give you a copy of. You need to make

1710 IVAR AVENUE, SUITE #1105
LOS ANGELES, CALIFORNIA 90028-5111

arrangements as soon as possible to get back to Flag so that you get yourself back on the Bridge.

Sincerely,

A handwritten signature in black ink, appearing to read "Ray Mithoff", written over the printed name.
